Salem, 1692	Hollywood, 1940s-1950s
<p>Excerpts from <i>The Crucible</i> introduction</p> <p>The edge of the wilderness was close by. The American continent stretched endlessly west, and it was full of mystery for them. It stood, dark and threatening, over their shoulders night and day, for out of it Indian tribes marauded from time to time, and Reverend Parris had parishioners who had lost relatives to these heathen.</p> <p>The parochial snobbery of these people was partly responsible for their failure to convert the Indians. Probably they also preferred to take land from heathens rather than from fellow Christians. At any rate, very few Indians were converted, and the Salem folk believed that the virgin forest was the Devil's last preserve, his home base and the citadel of his final stand. To the best of their knowledge the American forest was the last place on earth that was not paying homage to God.</p>	
<p>They believed, in short, that they held in their steady hands the candle that would light the world. We have inherited this belief, and it has helped and hurt us. It helped them with the discipline it gave them. They were a dedicated folk, by and large and they had to be to survive the life they had chosen or been born into in this country.</p>	
<p>It is not hard to see how easily many could have been led to believe that the time of confusion had been brought upon them by deep and darkling forces. No hint of such speculation appears on the court record, but social disorder in any age breeds such mystical suspicions, and when, as in Salem, wonders are brought forth from below the social surface, it is too much to expect people to hold back very long from laying on the victims with all the force of their frustrations.</p>	

The Salem tragedy, which is about to begin in these pages, developed from a paradox. It is a paradox in whose grip we still live, and there is no prospect yet that we will discover its resolution. Simply, it was this: for good purposes, even high purposes, the people of Salem developed a theocracy, a combine of state and religious power whose function was to keep the community together, and to prevent any kind of disunity that might open it to destruction by material or ideological enemies.

When one rises above the individual villainy displayed, one can only pity them all, just as we shall be pitied someday. It is still impossible for man to organize his social life without repressions, and the balance has yet to be struck between order and freedom.

The witch-hunt was not, however, a mere repression. It was also, and as importantly, a long overdue opportunity for every-one so inclined to express publicly his guilt and sins, under the cover of accusations against the victims. It suddenly became possible - and patriotic and holy - for a man to say that Martha Corey had come into his bedroom at night, and that, while his wife was sleeping at his side, Martha laid herself down on his chest and "nearly suffocated him." Of course it was her spirit only, but his satisfaction at confessing himself was no lighter than if it had been Martha herself. One could not ordinarily speak such things in public.

Long-held hatreds of neighbors could now be openly expressed, and vengeance taken, despite the Bible's charitable injunctions. Land-lust which had been expressed before by constant bickering over boundaries and deeds, could now be elevated to the arena of morality; one could cry witch against one's neighbor and feel perfectly justified in the bargain. Old scores could be settled on a plane of heavenly combat between Lucifer and the Lord; suspicions and the envy of the miserable toward the happy could and did burst out in the general revenge.
